# The OneHealthPort Login Screen

The screenshot shows a Microsoft Internet Explorer browser window titled "OneHealthPort Login - Microsoft Internet Explorer". The address bar is empty. The browser's menu bar includes "File", "Edit", "View", "Favorites", "Tools", and "Help". The toolbar contains icons for "Back", "Forward", "Stop", "Home", "Search", "Favorites", "Media", "Print", "Mail", "Run", "Print", "Mail", and "Run".

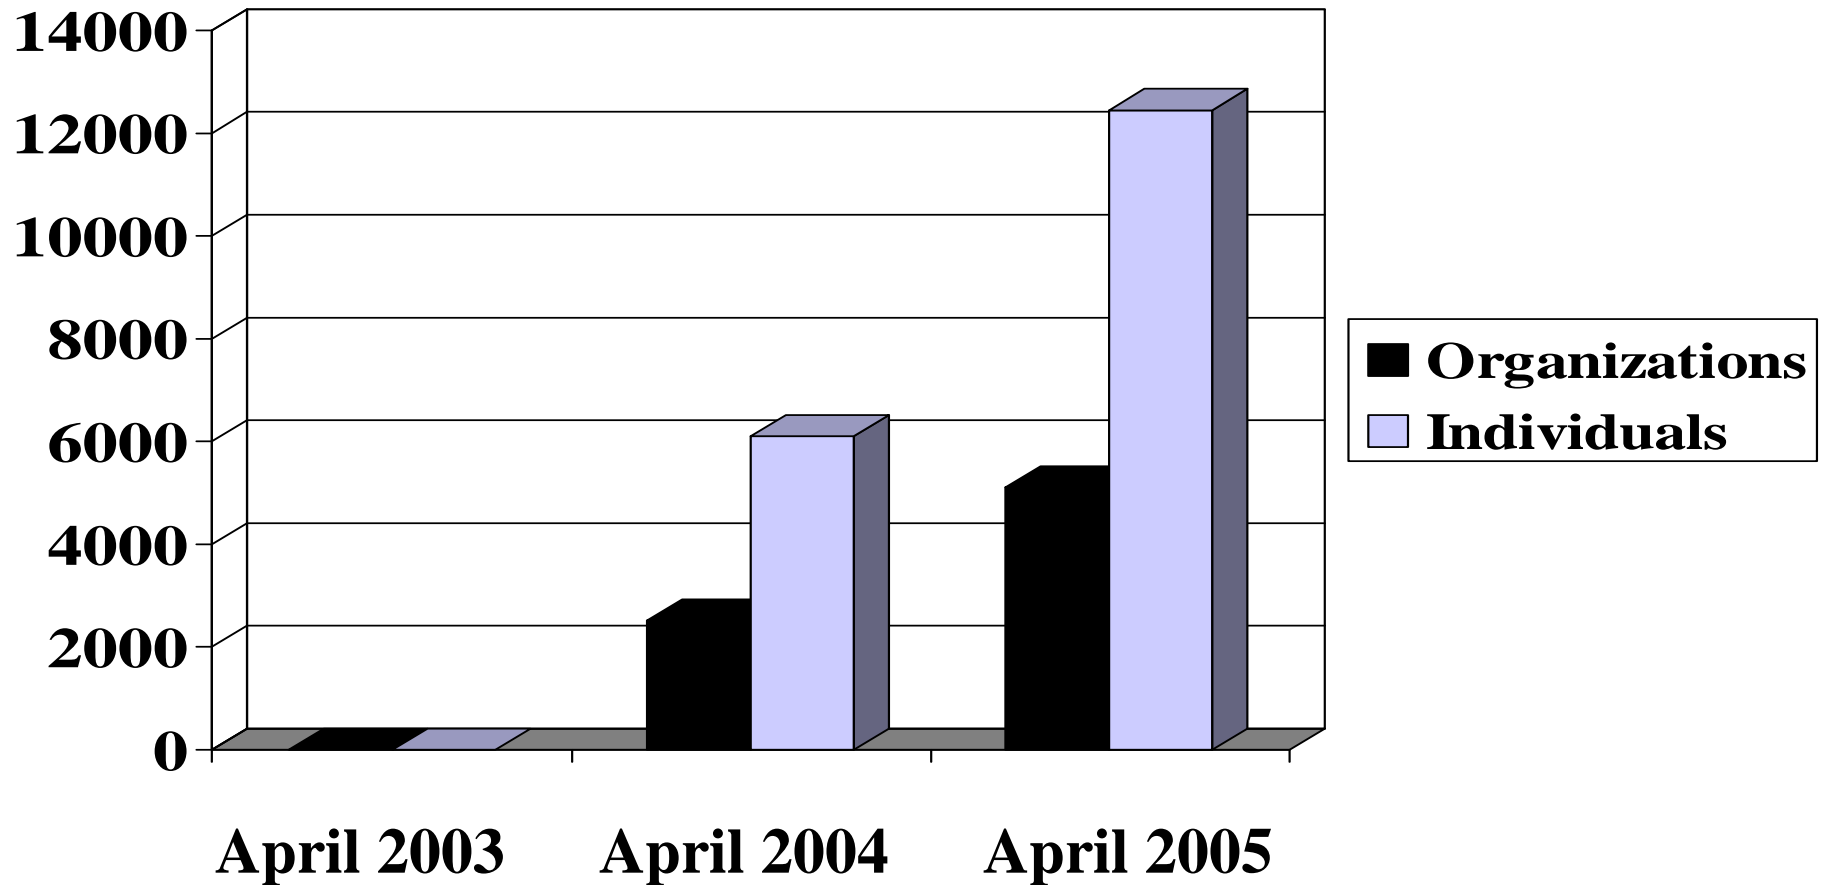

The main content area displays the "OneHealthPort" logo at the top left. Below the logo is a dark grey header with the text "Enter your credentials." in white. Underneath this header are two input fields: "User ID" and "Password". Below the "Password" field is a "log in" button.

Below the login fields, there is a message: "This login page requires that you have registered as a OneHealthPort subscriber. Be sure to enter your OHP User ID correctly - it contains only lower case letters, followed by three numbers." Below this message is a horizontal line.

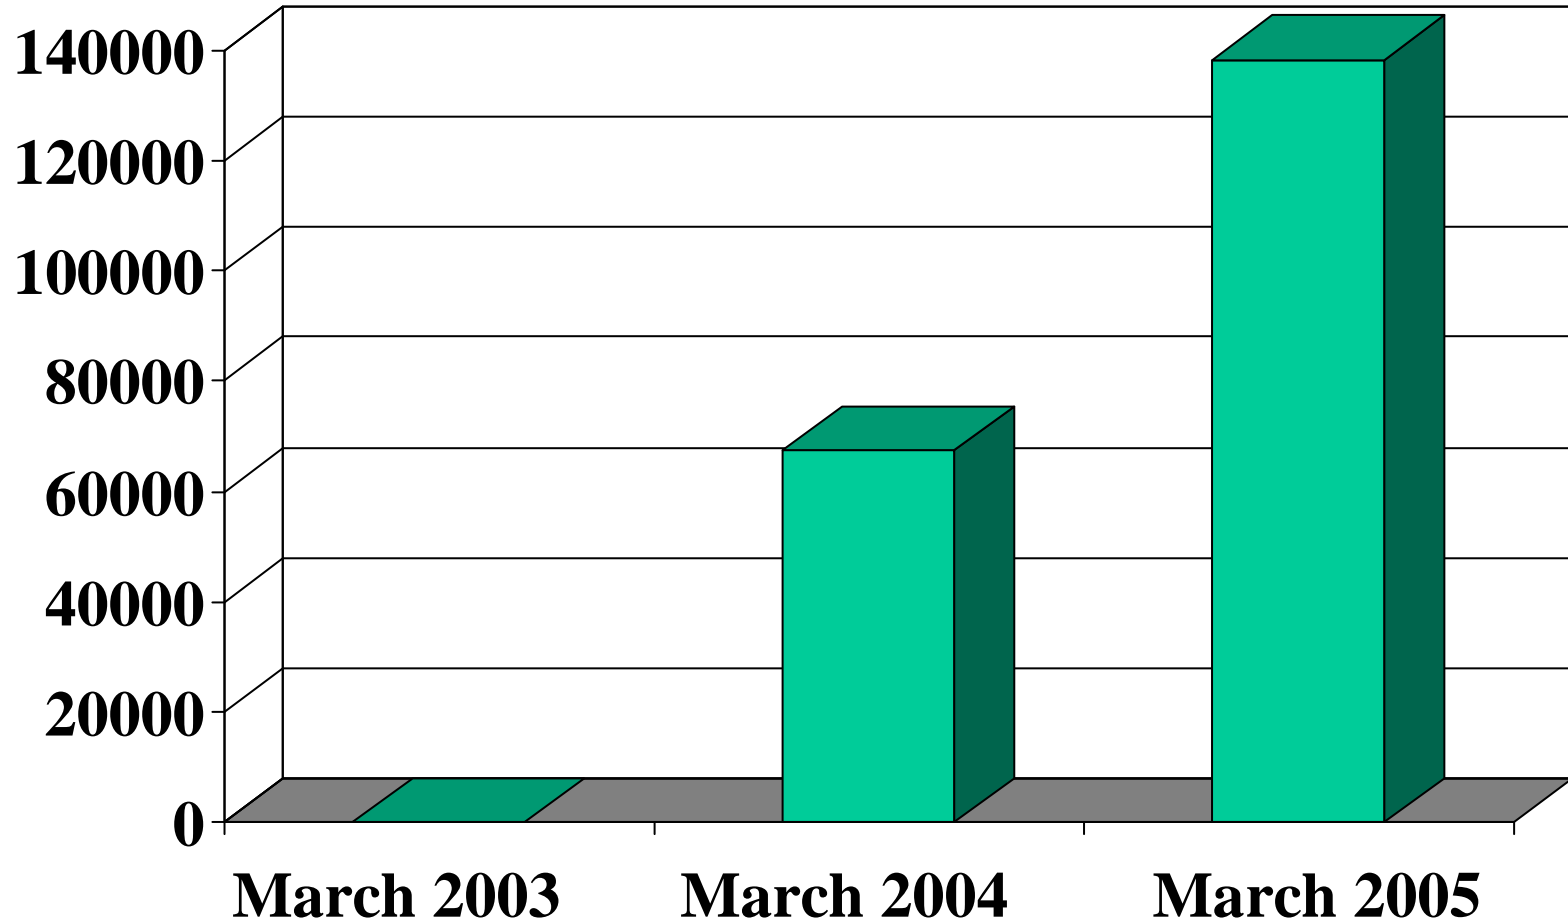

At the bottom right of the page, there are three links: "[I'm not an OHP subscriber, need information on subscribing](#)", "[Forgot my Password](#)", and "[Go Back](#)".

The browser's status bar at the bottom shows a lock icon and the text "Internet".
